Helping People Work Better Together

Put the world's
leading DiSC[®]
instrument to
work for you!

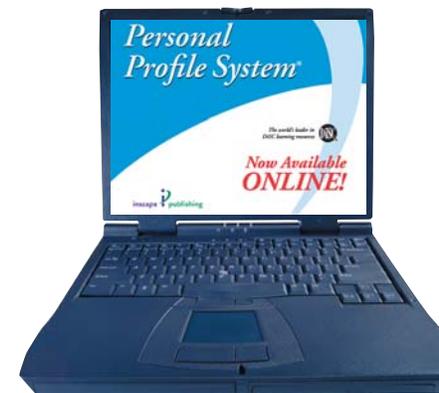

The foundation of personal and professional success lies in understanding yourself, understanding others, and realizing the impact of your personal behavior on the people around you. The *Personal Profile System*[®] has unlocked the door to effective communication and productive relationships for over 40 million people worldwide through its DiSC[®]-based learning approach.

Setting the Standard for DiSC Learning

DiSC Dimensions of Behavior provide a nonjudgmental language for exploring behavioral issues across four primary dimensions:

- **Dominance:**
Direct and Decisive
D's are strong-willed, strong-minded people who like accepting challenges, taking action, and getting immediate results.
- **Influence:**
Optimistic and Outgoing
I's are "people people" who like participating on teams, sharing ideas, and energizing and entertaining others.
- **Steadiness:**
Sympathetic and Cooperative
S's are helpful people who like working behind the scenes, performing in consistent and predictable ways, and being good listeners.
- **Conscientiousness:**
Concerned and Correct
C's are sticklers for quality who like planning ahead, employing systematic approaches, and checking and re-checking for accuracy.

The *Personal Profile System*, the result of extensive field research and testing, is the #1 DiSC assessment on the market. Scaled to today's diverse workforce, it offers more response format choices and more reliability, setting the standard for behavioral-based learning.
